Casey Pitzer's suspicious death/supposed accidental drowning!

Above image was labeled by Search and Rescue. Does that look like an accidental drowning as her death was labeled? We present all evidence as it was received, no tampering on our side. Multiple images were taken of Casey, making it possible for search and rescue to clearly label the image body,rope, and crate.

<u>City officials who violated the family's 1st, and 14th amendment rights, their rights to evidence</u>, <u>plus a cover-up of a suspicious death:</u>
Mayor John Stanforth, Counsel President Mark Mckay, Prosecutor Andrew McCoy, Law Director Brett Rudduck, Jonathan McKay, City Counsel, W.P.D, Sheriffs dept., and plenty of other city officials from the past and present.
List of evidence withheld down on page 27 of this narrative.
Plus, the suspicious evidence links at the end starting on page 39.

So, a friend desperately asked me to look at the Casey Pitzer case. All I was told from Petrey was that Mr. Pitzer thought foul play, and he didn't want me involved due to my last name. Then, the clothes were destroyed by the Funeral Home before the case was closed. First, that's a felony due to the case being investigated for a suspicious death at the time the clothes are destroyed. Within hours of reading I didn't believe Tiffany. Tiffany claims she almost hit Casey Pitzer on 73S, at the on-ramp merge point . O crap, I just wanted to tell them she drowned. I can't do that now after taking the Tiffany test!!! I approached Mr. Pitzer for the first time ever, and asked only two questions. "Out of all the people in the evidence, who do you believe?" He said, "Eric", and I had Eric written down on a piece of paper. My second question was, "Has anyone ever told you Tiffany is a liar." He said, " NO!

What are you talking about?" Let me show you my thought process after reading the evidence. I thought to myself, if I was in a courtroom what would I do? Go after the witnesses, in this case only **one**. If I think the witness is telling the truth, then discredit the witness into a liar, but if the witness is lying just prove it! Option 1, I'm not here for that, leave that one to the manipulating lawyers. I'm here for the truth. So, **Option 2 it is!** Prove Tiffany's lie, and all you'll have is a bunch of liars in this case! Or prove Tiffany is telling the truth**,** so I can move on with my life. Any good detective will tell you there's no such thing as multiple coincidences in an investigation, and this case is nothing but coincidences. Tiffany is the only person to supposedly see Casey out of the car, away from the two suspects!

March 16th, 2013 Casey Pitzer goes to BW3's bar/grill with Tami, Kendra, and Nathan, and meets up with more people inside. They all leave after 10:00 pm, and head to the Uncle Louie's Bar/Royal Z Bowling Lanes. At 12:25 am the 17th, a fight occurred in the parking lot between Tami and Casey. Tami and Kendra take all Casey's possessions and her car, then head to Walmart to meet Brandon. Mike and Brandon then head towards the by-pass and do a u-turn to pick up Casey to take her home to Sabina at 12:45am. Instead of heading to Sabina they go the opposite direction and Casey tries to get out of a moving car. The car stops and Casey jumps out, almost getting hit by Tiffany, passing in her vehicle. Never to be seen again, by the big green sign on the northbound side on the 73 by-pass by the pond.

THE KEY EYEWITNESS TIFFANY TEST:

Can I even do what Tiffany claims happened?

Facts we know from the reports: Everyone claims Brandon and Mike have Casey in the car heading southbound on SR 73 bypass coming from the on-ramp merge point going towards Hillsboro sometime after 12:30am. All agree this is where Casey jumps out a little after the last light pole before the Big Green Sign, from the on-ramp. No one disputes it in their statements, maps, and incident reports.

Tiffany's sequence of events is wrong and/or Detective Riley's is too! Tiffany tells the same out of sequence story twice, or Riley. But if that's their story I'll go by it. Plus, Riley claims a mystery friend of Tiffany's, sees Brandon's car too. This gives Tiffany some credibility supposedly. What about Tiffany's friend's name, and family members' names, Officer Riley and Skates? ***(See Tiffany written and Sec. 5)***

Google maps, Wilmington OH Wal-Mart, it is easy to see the bar/bowling lanes, the 73 by-pass, two gas stations, the pond(the pond southeast of Wal-mart across the by-pass) and how close everything is. **Google Earth** will show the big green sign by the pond, and the on-ramp merge point.

The Test:

(Must read Tiffany's written statement and the incident report Sec. 5)

It's 12:30 am and/or 12:45 am at night. Some street lamps. This test was done at 50mph. Mike claimed they were going 50-55 mph and came to a complete stop.**(written Mike, sec 1, 4, and report investigation all say 50+mph)** But many tests, at variable speeds were attempted at the exact location.

<u>Tiffany's sequence of events</u>:

<u>Test Step 1:</u> Drive onto the on-ramp and notice a car stopped in the road, across from the big green sign that's on the other side of the highway!

Answer/Verdict: Possible, yes this is believable.

<u>Test Step 2:</u> Move into the fastlane!

Answer/Verdict: What the heck! I can't yet! I'm still on the on-ramp! I couldn't be in the fastlane, and keep from flattening Casey until golf cart speed. Remember all subjects statements said rear of the car Casey ran to, not the front.

<u>Test Step 3:</u> Tiffany now recognizes the car is parked off the side of the road and knows it's a white 4 door car(Brandon's car was gray). While she's in the fastlane.

Answer/Verdict: Believable at around 200ft at night to see the color of the vehicle. But Tiffany would be over 550ft away from Casey when she starts making her move out of the car. Why can't you see Casey. Tiffany at 200ft away, Casey should be somewhere beyond the car entering the highway by now! Casey would be clearly visible to see exiting the vehicle and running, if you're close enough to see color. Why no sight of Casey?

<u>Test Step 4:</u> Check mirrors for at least 5 seconds!(5 seconds is the fastest Casey can exit the car and be standing in the fastlane) We know Tiffany doesn't see her until the very last second.

Answer/Verdict: Tiffany's not looking at the road for five seconds or more? Thought she was just looking at Brandon's car the whole time. Why so long Tiff? It's night time and it's easy to tell if there's traffic at 12:30 am. There was none at that time. You claimed no sight of Casey until standing in front of you! But noticed Brandon's car the whole time and color with 4 doors. This step is too dangerous, I didn't like doing it!!! You check your mirrors for five seconds without looking at the road.

Test Step 5: Tiffany looks up to see Casey standing there!

Answer/Verdict: I was passed the sign every time flattening Casey. Until I tried 25 mph or less.

Step 6: Check mirrors to see Casey **standing** in the median at night!

Answer/Verdict: Plausible!

Take the test, with no variants in anyone's statements about where this occurred. On the SR 73S on-ramp merge point before the big green sign. **(All statements)** Bombshell! According to the detective's narrative and the Wal-Mart video now unscrambled, the Walmart cameras can see SR 73S on-ramp. ***(Sec .15 and video)***

An athletic person takes 5 seconds at the quickest to get out of a car and run to the back of the car, and into the fastlane, and be standing in the fastlane of the by-pass. I imagine when intoxicated one would react a little slower. All of the people involved paint Casey as very intoxicated, but Chad says, "seen Casey drinking water after she was cut off". ***(Terrell written statement)*** Sheeley mentions Casey dancing on three different occasions. ***(Sheeley written statement)***

So, a car traveling at 50 mph travels 80ft. per second.

80ft. Of car travel per second multiplied by 5 seconds, the time of Casey's maneuver out of the car = 400 ft of car travel during Casey's maneuver exiting the vehicle, to standing in the fastlane. If Casey's any slower than 5 seconds then the footage increases. You never see Casey in 400 ft of car travel? But you see details of Brandon's car.

Tiffany needs 550ft, or more to keep from running over Casey, since she's not looking at the road until Casey is standing there. That's a long distance not to be seeing Casey or the road.

(Perception/Reaction Distance at 50 mph = 73ft) X 2 people plus 400ft)

(The more sophisticated equation with acceleration/deceleration ect… gives a slightly larger number than 550 ft.)

Amazingly Tiffany is able to see a white 4 door car parked off the road before 550 ft. at night?

I gave up. I don't know how she saw the white/silver 4 door car before 200ft!

Casey ran to the **back** of the car and across the highway! Very visible Casey would be, except for the initial exiting of the car.

You see all that detail in the car but no person is running from it! That's a LIE!

Wasn't until golf cart speed I was able to merge into the fastlane from the 73S on-ramp, and not be flattening Casey.

Not feasiblly to achieve Tiffany's statement at any reasonable speed. Heck you barely have any time to be in the fastlane before the Big Green sign.

2nd part of the Tiffany Test:

Mike and **Brandon** are traveling at 50 mph and come to a sudden stop, the average is 5 seconds to stop a car at 50 mph. On average this takes around 200 ft. to 250 ft. pending on your perception/reaction time to stop the car. As soon as the car stops, Casey is out of the car.

We know Casey takes 5 seconds to be in the fastlane, and 400 ft. of car travel happens during this maneuver. 550 ft. is needed by Tiffany in order to not be running over Casey.

This puts Tiffany roughly behind Brandon by 850 ft. to 900 ft.
(the physics is too large to type but the answer was closer to 900 ft.)
Tiffany is roughly 12 seconds and 900 ft. behind Brandon, but the first 5 seconds of the 12 is Brandon braking hard. Tiffany doesn't see brake lights happening in front of her for 5 seconds.**(recorded Tiffany)** Tiffany's first 350 ft. of car travel of the 900 ft. would be Brandon braking. With Tiffany's 550 ft. left, 400 ft. of that is Casey's maneuver. Now I really question Tiffany, you don't see brake lights of a car stopping for 5 seconds at 12:45am no traffic, or Casey's 5+ second maneuver exiting the car. Please revoke Tiffany's license! 10+ seconds of braking and Casey's maneuver, and Tiffany is only 12 seconds behind Brandon. Chaos is happening in front of you for 10+ seconds and you see none of this? Audience? Mike claims he got out to look for Casey for a few, Tiffany claims no one was outside the car..

Tiffany Test Conclusion: Sequence of events is wrong, at least tell your lie in proper order. Tiffany must have bat vision in order to see color that far away. I know 750ft is at least how long Tiffany claims she **wasn't** looking at the road out of 900ft of car travel. Casey would be as visible as the color of the car at 400ft away. Even if Tiffany gets the sequence right, there's still too much <u>blind</u> road travel to be feasible! **5** seconds twice, not looking at the road, is just too long of a time. Especially, when Tiffany recognizes Brandon's car the entire time. 1st, Tiffany thought it was sitting on the road. Then she sees the car is off to the side of the road, **white** with four doors but never sees brake lights, or Casey.
Sorry it's hard to put these physics problems in simple terms.
O BOY! What to do? After watching Mark Mckay, Mayor John Standforth, other City/County Officials, and Law Enforcement violate Casey's loved ones for 10 years. Time to point out the facts, the suspicion, and the lies! Did you know Mayor Standforth **didn't** know he had any authority over the Wilmington P.D, so that's why he can't help!
(recorded on video) Now he's a liar too!

(Sec 00 = section in the police incident report)

(No Tiffany = there was NO CAR almost hitting Casey in their statements.)

Brandon's spoken statement is the same as Mike's on the 17th, no sight of Tiffany, Riley says. **(Sec. 1)** Why are the suspects not writing statements right then and there? They just told you they picked up a girl, and she tried jumping out of a moving vehicle! Suspicious at all?

Brandon and Mike show up late the 17th or early the 18th, and finally give written statements maybe. Why maybe, because there's no **dates** on the letters thanks to Officer Early who ends up marrying Riley's sister.

By request of J. Riley March 18th, officer Skates goes to Tiffany's house. ***(Sec. 5)*** With no phone record of Tiffany calling the station. Tiffany claims it was the 19th, when she called WPD.***(recorded)***

Section 6 is filed on the 19th**,** Riley.

Mike claims, called for **help** but that's a lie and Brandon did too. ***(Sec. 2)***

Eric is the only one to call for **help!**

(Sabina P.D and Wilmington P.D reports)

Riley never gets a written, just a verbal statement from Brandon on 17th.

(Sec.1)

March 17th Brandon magically shows up again during Riley's shift sometime after the K-9 was there at 11:00am. ***(Sec. 1 Riley incident report)*** You don't try to make contact with the suspect, he comes to you?

K-9 showed up March 17th around 11:00a.m by request of Mr Pitzer, not law enforcement, boots were found shortly after.***(K-9 report page 1 and Sec.7)***

Tiffany never existed until March 18th or 19th still unknown!

(Sections 1, 3, and 4, NO Tiffany in the incident report)
(Report of investigation March 20, 2013 no Tiffany)
There's plenty of statements with Tiffany almost hitting Casey too.

Why so many NO Tiffany sightings? But everyone knew who picked up Casey was Mike and Brandon, and where she jumped out on 73S, the 17th of March. If Casey was nearly hit by a car, why is that so forgettable for everyone?
Walmart description/video clearly sees Casey Pitzer walking at **12:39am**
(Sec. 15, video)

Walmart description shows Mike, Brandon going after CASEY at 12:44am, then coming back through Walmart parking lot to progressive way at 12:45am.

(Sec. 15 <u>SAYS DOES NOT TURN ONTO 73! the video shows)</u>

How is Tiffany almost hitting Casey on 73S bypass, if Brandon's car is on Progressive Way. WHAT!!! Officer states "73S bypass did not enter" in Walmart video, not one time. Then Brandon's car comes from the northbound side, and magically the same side as the Big Green sign.

(Sec. 15 and video)

Breakdown Tiffany's statement:

My family and I left the bowling alley/Uncle Louies' Bar at **12:30am**, and 1 to 2 minutes later almost hit Casey on 73S, right at the merge from the on-ramp. The bowling lanes are part of **Uncle Louies' Bar** less than a mile away from Casey's exit of the car.***(Tiffany written statement and Sec. 5)***

BOOM.. Walmart description! Was found in this mess of evidence. ***(Sec. 15 and video)***

<u>12:39 am</u> Casey's last known footage shows Casey was alive walking towards sabina ***(Sec. 15 and video)***

<u>12:44 am</u> Brandon and Mike leave Walmart parking lot to go do a U-turn to pick up Casey. ***(Sec. 15, video and all Mike and Brandon statements, interviews, and maps they drew)***

Remember, immediately after picking up Casey they drive and turn onto 73S on-ramp towards Hillsboro. BUT! **(Sec. 15 <u>SAYS DOES NOT SLOW DOWN AND DOES TURN ONTO 73!)</u>**

<u>12:45 am</u> It's because Casey is already in the car with Brandon and Mike and now going through Walmart parking lot, NOT 73S!. ***(Sec. 15 and Mike and Brandon written statements and video).*** I guess Tiffany meant Walmart parking lot, not 73S, and everyone else did too. Sounds like a little mistake.

Tiffany **never** mentions her family again after the first sentence, not even a **we**. Officer Skates and Riley **neglect** to ask which family members were in the car with Tiffany. ***(Written and Sec. 5)*** **Why?** The **only** eyewitness tells you there's more eyewitnesses. Why ignore that?

Tiffany admits to being at Bar/Bowling lanes. ***(Sec. 5 and written)***

Both Tiffany statements claim Casey was **standing twice,** on the road and median. ***(Sec. 5 and Tiffany written statement)***

Most statements claim running across the road. Hmmm??

Few mention no car like Mike and all the other no Tiffany's above.

(written*, and img 9082)*

Tiffany knows some of them(Mike/Tami) and only lives a little over a mile away from Mike's house. **(Tiffany's recordings)**

Riley's report says Tiffany slammed on her brakes and Tiffany's friend saw Brandon's car sitting there but, Tiffany's written, no mention of either events.***(Sec. 5 Tiffany written statement)***

Tiffany says, "Cristina" was the friend but doesn't know last name, but some guy named Nick would know. **(2023 recorded audio)** Friends? Doesn't sound like it.

That close to hitting someone but you don't stop or show any concern? Was Casey in Distress?

Tiffany describes a **dark hooded SHIRT** with a potential **g** scribbled out in front of hooded. ***(Tiffany written statement)*** How did Tiff see that? Says shirt! Not just a dark hoodie, You supposedlly see Casey in a flash. Is someone writing this statement for Tiffany?

Casey's wearing a **dark green hooded SHIRT.(pics)**

Tiffany, Brandon, and Mike's <u>first</u> written statements are simple paragraphs. Last people to ever see Casey alive, give little information and asked very little by law enforcement. Why? I would spill my guts in that situation, like Eric Heeg giving specific details and **times**.

Flip side if i was an officer i would ask more than a few simple questions, so many they would hate me.

WHY IN THE HELL is **Officer Earley asking Mike, "what color were the boots?"** First two questions are, who is your friend, and why did she get out! Asked only three questions. Mike describes the boots. That's creepy! Earley says Casey was drunk early in the afternoon at BW3's. Umm, It was

6:49 pm when they got to BW3's. Earley claims to be first on scene but doesn't get Mike, Kendra, or Brandon's written statements until late afternoon. Oh he's not a responding officer either. **Most** of Earley's statements are lies. Casey's loved ones have said he creeped her out/very pushy. Supposedly Swat was called on Officer Earley because he was on top of a building waving his service pistol around. Fits right in with the Riley family. Banned from a teenage girl's softball team/games for being inappropriate with the girls.

(Mike's 1st written statement of anyone and Sec. 3 and sec 15 and messages)

All statements <u>without</u> Tiffany have the same story of Brandon and Mike picking up Casey, and she jumps out at the on-ramp merge point on 73S. All statements <u>with</u> Tiffany have the same story of Bradon and Mike picking up Casey, and she jumps out at the on-ramp merge point on 73S. MUST now read Mike's, Brandon's, and Tiffany's handwritten paragraphs, and Riley's too.

You will see now, how little they cared!

Update 2023 January 28th, contact with Tiffany, changing story to the merge point. Oops, all statements and maps say big green sign, so they're all wrong now? Now Tiffany says she never sees Casey in the mirrors, after originally saying she did see Casey standing in the median. Now Casey is sprinting across 73S and not standing as she originally stated. How could you forget whether or not you saw her that night and sprinting or standing? Now Casey was in front of Brandon's car and there were no car doors open, no one outside the car besides her. No Brake lights. O, wait all suspects and statements say sudden stop, rear of car, and Mike said he got out for a few seconds. **(recorded+messages)**

Whole time at the bar Casey is not acting right hammered drunk **wouldn't dance *(Tami written statement)*** all involved made it seem Casey was puking drunk.

Tami and Casey are seen arguing already on the smoking patio, Tami doesn't mention that. ***(Sheely written statement)***

Sheely say's straight from bathroom to **dance** floor dancing with Jordan what? Mentions dancing on three different occasions.***(Sheely written Statement)***

Casey's cut off due to Tami.

(Tami and Sheely written statements)

12:12 am All five vehicles pull into Walmart and sit by the gas station.**(video)**

12:20am All five vehicles leave together. **(video)**

12:17am This when the shady crew amps up trying to get Casey out of the bar. Casey shakes her head no to Tami and Nathan about leaving and goes back to dancing again. ***(Sheely written statement)***

Nathan tries to get Casey to leave again she wouldn't. Casey went back to dancing again ***(Sheely written statement)***

Marian and Joe try to get Casey to leave a couple times.

(Loos written and report of investigation)

Tami tries to get **"Cowboy Terry"** to get Casey to leave. They don't even know his last name but want their best friend to ride with him supposedly wasted.**(Tami written)** More than likely another Tami lie.

At this point could do we have foul play? Tami takes Casey's purse, phone wallet and coat and Kendra knows this and they have Casey's car and keys. Tami makes Casey follow her out of the bar because she has Casey's possessions. Casey's now vulnerable.

(Tami and Kendra written statement)

But at 12:20am the suspects don't know she just texted Eric for a ride home. ***(Eric written statement and in phone record which is still unobtained)***

12:20am and after Eric tries to call Casey but Tami has her phone at this point, and answers, says nothing, and hangs up on him repeatedly. ***12:30ish*** Terrell says combative casey wouldn't get in the car cause she doesn't want to leave because she's told them no several times at this point ***(Tami, Chad Terrell, and Kendra written statements)***

12:30am TIFFANY **star witness** leaves with supposed family members whose names and statements were never taken or given by Officer Skates. Tiffany almost hits Casey on 73S Bypass at the green sign at this time. States 12:30am twice. ***(Tiffany written statement and Skates Sec. 5)***

12:30am Casey tries to go back into the bar, but the shady crew can't let that happen. A wrestling/physical altercation or straight up attack by Tami ensues. Bouncers had enough and barred Casey not Tami. Casey walks away because Tami just got her barred and Tami went back inside while Kendra took off with Casey's possessions an car. ***(Bouncer's written statements)*** Can't go back into the bar now. Stranded and walking in the cold towards home with no possessions, no keys, phone, wallet/purse,coat, or car. Because Kendra just left with Mike in Casey's car, with Casey's possessions to go to Walmart to meet Brandon. ***(All state it)***. Even if she gets home, Casey can't get in without her keys.

12:39am WALMART cameras observe Casey walking Eastbound towards Sabina on Rombach from the bar ***(Officer Baker's description details Sec. 15 and video)*** She's been stranded!!! Tami got Casey barred and now she can't go back in. Been arguing with Tami all night, possessions and car gone, not much option but to walk. ***(Chad and/or Sheeley bouncers written statement and video)***

12:40am Brandon gets a call from Mike magically right next door at the gas station, the first time they supposedly spoke that night. ***(Brandon, Mike, & Kendra written statements, also Mike's written video interview)*** Phone records will show a different story.

.

12:41am Kendra takes Mike to Walmart to get a ride. Why Walmart? Brandon is right next to the Bar at the gas station. ***(They all agree this happens in statements and video)***

12:42 am Brandon in his car, and Kendra is driving Casey's car, enter Walmarts' parking lot within seconds of each other.. Mike then gets into Brandon's car quickly. With a potential rope or something in his hands.***(Sec 15 and most statements and investigation reports and video)*** Mike and Brandon both state they were driving.***(Mike, Brandon's written)*** Eric Heeg remembers Mike saying, "Brandon was in the back seat with Casey." ***(Eric)*** Mike states they sat in Walmart for at least 5 minutes before pulling out to get Casey. Video shows the instant Mike gets in Brandon's car they speed off towards Casey. They more than likely saw her walking along the road before pulling into Walmart, she would've been walking under street lights.

12:44 am Kendra leaves Walmart, goes back and picks up Tami and Nathan at the bar one minute away. ***(Sec. 15 and Kendra Tami Nathan written statement and video)***

12:44am Mike claims they went to the corner of Walmart and talked about Timmy's wreck for 5 mins. But video shows predators go right after her, as soon as Mike hops in Brandon's car.**(Mike's video interview details, and Walmart Video)** Brandon and Mike go to pick up Casey. They drive past SR73 and do a U-turn at the east side traffic light. They encounter Casey near the bypass bridge. They stop and begin communicating with Casey and convince her to take a ride home. ***(Sec. 15, written Mike, and Brandon, and incident report claims same did u turn and video)*** According to Brandon and Mike's statements compared to the Walmart video description in ***(Sec. 15 an video***) the drive, turn around, discussion, and pick up, all takes place in just one minute.

12:45am Brandon's vehicle enters Walmart parking lot and exits progressive way, CASEY's last known whereabouts. ***(Sec. 15 and video)*** Wait! That's not 73S bypass on-ramp. Officer Baker mentions that the Bypass can be seen from the Walmart Camera. ***(Sec. 15 and video)***

Wait a minute, Officer Baker and Walmart video see what? Joe Loos too. Funny all statements made by officers and all suspects say it happened on 73S on-ramp merge point by the green sign. They even drew maps and states right after picking her up, straight to the on-ramp ***(Mike and Brandon's written, maps, and other statements and video)*** that puts them at the on-ramp at **12:46am**. Where's Brandon's car Tiffany? Walmart parking lot! Where's Tiffany? O yeah back at **12:30am on 73S**.

12:47 am Kendra, Tami, and Nathan leave the bar to go home, to Tami and Nathan's house. The opposite direction of Casey. Tami and Nathan live on 73W. You don't take the 73 by-pass home? Why? ***(Kendra, Tami, and Nathan written statements, incident reports and investigation report 4)***

12:49 am Eric texts "omy" ***(Eric written and the unknown phone records)***

12:49am Casey is running from the car supposedly towards Sabina, according to the last three to see her.

12:53 am Brandon's car enters Walmart parking lot again. ***(Sec. 15 and video)*** The time it takes to go around and stop at the green sign and back to Walmart I was able to do it in 6 minutes. ***(Sec. 15 and video)*** Brandon's vehicle spotted with only 1 occupant. ***(Joe Loos written statement) Wait! Mike*** said looked for 20 mins with Brandon.***(written Mike) CASEY'S now missing.*** Brandon said looked for an **hour**. Both said they called for help, that's another lie..

12:53ish Eric gets to Louie's bar. Here's the chaos that occurred at the bar. Panics goes off to look for Casey towards Sabia where she lives. ***(Eric and Bouncers written statements)***

12:54am Kendra and Tami claim to already know what happened, but Mike says he doesn't call Kendra until after they search and realize Casey is missing. Mike claims to search for 20 minutes while Brandon says an hour. **(phone records, Mike's video interview, both written)**

12:58am Eric receives a 5 minute and 27 second phone call from Kendra. **(phone records)**

1:05am Brandon's car re-enters the Walmart parking lot, the Impala, Casey's car, is in the side notes at bottom too. ***(Sec. 15 and video)***

1:09am This is when Mike calls Kendra to tell her what happened.

1:15am Eric calls Sabina PD, because on his way to Sabina he gets a call from Casey's phone, it's Kendra/Tami telling him a different first story. ***(Sabina Police report and Eric written statements and phone records)***

1:15am Mike and Brandon back together at Walmart and pick up Joe. ***(Sec. 15 and Joe, Mike, and Brandon written statement and incident reports and video)***
Joe, Mike, and Brandon look for 10 minutes.***(Joe, Brandon written statements)*** I know Brandon and Mike keep changing their times searching with Joe after Riley's involved.
(written and incident report multiple times)

1:25 am they come back to Wal-Mart and drop Joe off. Then head to Mike's home down Wilson RD to Beatty Rd to get Mike's truck. ***(written Joe and video) (Tami's written statement and incident report all 3, and Eric's statement written)*** THIS is when Eric foils their plan and they

have to rush now. No time to get the stories totally straight. Kendra and Tami tell Eric she jumped out twice and it was on 22 & 3 near Wilson Rd.(Sabina Police Report) The very first story of the night then changes rapidly.

1:45ish Eric heads back towards Wilmington to look during that time calling Casey's phone/texting repeatedly (guessing texted cops called).

2:00ish Eric arrives near the scene called P.D and searches with flashlight ***(Eric written statements and P.D reports)*** at some point Mike shows up in his truck by himself to the scene, telling Eric the BS story. Eric hears 2 different stories in the first hour from Tami and Mike.

2:05am Eric calls Wilmington P.D.(Eric and police report) No suspects ever contact help, just each other.

2:30ish Houghton, Hamilton, and Estle first on scene, either Mike or the cops got Eric to go walk the pond area to make the scene supposedly too contaminated for K-9, and cops never try calling search and rescue. ***(Sec. 7)*** lol.. Martin rats on Houghton.

After 2:30am Officer Martin or Hamilton arrives and speaks to both Mike and Eric ***(Sec. 7)*** This time Mike mentions no Tiffany. Martin/Hamilton wasn't supposed to take statements. Why are they missing from evidence?

Sometime around 5:00am search was called off everyone was kicked off the property, pretty much go look somewhere else for awhile come back at 8am.

9:00 am or so in the morning Kim receives Casey's items not the car and wonders why not just give everything to Casey's mom ***(Sec. 1 and Tami written statement)***. Instead of meeting at the scene Tami meets Casey's mom at McDonalds for the car drop. Why won't you go to the scene Tami? Everyone's at the pond. Brandon drives past the scene that

day, in a girl's car who didn't know till during/afterwards how awkward he made her feel.

9:30am Mr. Pitzer goes to Lagores house personally to get K-9 help. ***(Mr. Pitzer and Lagore K-9 report)***

11:00am arrive on scene and minutes later boots recovered ***(Lagore report, and Sec. 7)***

Officer Riley shows up sometime after K-9. No way you go through with this elaborate cover-up for some idiots, unless you were at the green sign actively participating.

Officer Earley takes Mike's hand written statement the 17th no Tiffany.

Tiffany's story doesn't exist yet!

Sometime after Riley's arrival Mike and Kendra show up magically and Brandon too. ***(Sec. 1)***

TIFFANY'S created!!!! Next person interviewed is Tiffany by officer Skates. ***(Sec. 5)***

Ask yourself, is Tiffany a liar? DId Tiffany care? No emotion, any concern, not in her statement, or in the Jan. 28th, 2023 interview, nor did any other suspects! Take away Tiffany's statement and read the Walmart description. ***(Sec. 15)*** **Ask yourself, is Mike and Brandon on 73S, at the time Casey jumps out? Now read the reports and statements again, if you think Tiffany is a liar. You will see how many were willing to lie!**

One thing I do know is that it takes pure evil human beings to prevent loved ones from seeing the video of **Casey's** last time **alive**! Since the case is closed as an accident, why can't the family see the interview videos of the witnesses, not suspects at this time. Even though the family doesn't believe their witnesses.

Timeline to be completed.

Thank you Eric Heeg you foiled their coverup by caring that nite!

Duke & Duchess gas station video is from 11pm to midnight. Tami and Kendra were there at 10:30pm. Brandon was there at 12:35am. A pointless video thanks Officer Skates. (incident report claims video was from 11 to 1:30am)
Brandon's evidence destroyed or missing, notice how little there is on Brandon. Little bird said every story Brandon told was too different from Mike's and everyone else, that's why it's missing from the evidence.
If ever taken to trial, Tiffany's phone records should be requested from Jan 28, 2023 Saturday 4:00pm and beyond. Same for any suspects that day, if she made contact with them! Officers included!

GIVE THIS FAMILY THE INFORMATION THEY HAVE THE RIGHTS TOO!

Mayor John Stanforth, Mark McKay, Jonathan McKay Brett Rudduck, Judge Rudduck, Prosecutors, Ex-chief Cravens, Ex-Mayor Riley, and Law Enforcement/City Officials present and past. These people have gone above and beyond their authority to prevent Casey Pitzer's family from the records, Due Process , and the Truth!

OTHER SUSPICIOUS FACTS ABOUT THE CASE:
(image # can be found in original case file, **not** the 2021 file)

City/Police misconduct/violations found: Violations of the 1st, and 14th amendment, tampering with evidence, mishandling evidence, lying on police reports, witness tampering and intimidation. Evidence withheld, SunShine Law violations. Violation of Ohio Revised code 149.33. Spoliation of evidence. Abuse of authority. Violations of Deprivation of Rights Under the Color of Law (code 242). Many are guilty of Failure to Intervene, misconduct, and obstruction of justice. Brady Violations, a whitewash created, aiding and abetting in the cover up of a suspicious death, coercion, destruction of evidence, perjury, and this is not an isolated case or incident. Napier, Kerns, Turner, Carpenter, Willis, Rios deaths, and more will prove their criminal acts.

Missing Dates on suspects written and few others. That's a no no in Law! Officer Earley's handy work again.

Wilmington City Council has violated Mr. Pritzer, Mr. Thomas, and Mr. Petrey's **Constitutional Rights** multiple times.(1st, 14th Amendment example: arrested for speaking during their turns at a council meeting, and Mr. Pitzer thrown out for asking a simple question to the chief, and no due process for Casey). Montgomery County Coroner's Office (MCCO) has a restraining order on Petrey and Thomas for requesting records from suspicious cases. WTF?

Why is Tim Carr called for Search and Rescue first, and not the Wilmington Fire & Rescue? Who has water rescue capabilities. Josh Riley **calls** Carr personally to make him lead on the search. He's retired at the time and

Casy's former boss.**(sec 6)** You wouldn't have to ask Fire & Rescue if they would be willing to help. That's what Fire & Rescue does for a living! Have to question Riley's choices. If not for recovery photos the family never gets photos of the injuries, because the Montgomery County Coroner's used makeup to hide injuries. **(photos and family members themselves, down on page 40-42)**

I didn't see the **Bureau of Criminal Investigations(BCI)** ever called to investigate! Do they ever get called? They were but not for criminal reasons in this case!**(Riley tells the newspaper)** Nope never called! Polygraph results **failed**. ***(img 9077 an 9104)*** Riley says they passed, can't be your suspects to the entire family.

Josh Riley destroys responding Officer M. Estle field report on March 17th. Where is it Riley? Josh Riley lies to the coroner saying Casey drank 8 beers and 16 shots. Leads the coroner to believe no foul play was involved.(**intake report coroner**) Casey wouldn't be walking, dancing, fighting, and sprinting on that much alcohol in 5 hrs..

Riley calls Tiffany on the 19th for a vehicle description of her silver/white cavalier.***(Sec. 6)***

Officer Gates is there during the autopsy.

Josh Riley meets with Mike sometime the 17th but gives no details of that encounter, instead just having a meeting later for a written statement that will have no dates/times thanks to Earley. (sec 1)

Section 1 no signs of entry, and no signs attempting to get out of the pond.

Lagores' dog finds the boots then goes directly to Casey's body and indicates heavily for a deceased body right over top of her in the water biting at the water. Why is that dismissed by Riley?

Police never ask Family members for any statements! Why?

This case was <u>never</u> treated like a missing person from the start. Fire and Rescue never notified. Why?

Where's the clump of grass Casey was gripping? Plus, the water was crystal clear with no vegetation due to the pond just being built.

No entry or exit attempts by Casey ever located around the pond.

Sonar image labeled body, rope, crate on the 20th.(evidence file)

The sonar sees this image on the 20th, but Casey was found 200ft away from this image. **(Report of investigation 1 and Riley tells the newspaper)** At 9 ft. deep, in clear water, a new pond with no vegetation or inflow/current. Why did it take 4 more days to find the body? Now you have to question search and rescue! They obviously saw the image because they labeled it body, rope, and crate. They took several pictures of Casey and 8ft deep is nothing for a diver. Josh Riley tells the paper that sonar images can never be seen again after the 20th. It has GPS coordinates on it, and the sonar image is right near where Casey was found. Riley calls off the search the 20th after sonar hits. Family criticizes Riley's efforts. So did Riley remove the body? Her makeup is about perfect for 8 days submerged.

Police say Casey's BW3's bill wass two tall beers and several shots, but her only BW3's receipt was for only 3 shots in over 3 hours of being there. **(sec 15 and photo of receipt)**

Brandon calls up **crying** many times to Chad wishing he had no involvement. Also, Chad says Tami and Nate try for over an hour to get Casey in her car. Officer said Chad claims Casey would jump out of a moving car and she takes antidepressant medication.

(investigation report Chad)

Chad's written statement **doesn't** mention any of the above. Can't be Kendra in Casey's car, Kendra doesn't show up until 12:20 am.

Dan Sheeley mentions no medication in written but the investigation report says the same as Chad anti depression meds.

(investigation report Sheeley and Sheely written)

Look at all of Officer Earley, Riley, Gates, and Skates work. Terrible! Officer Skates i don't trust, he finds the body at 5 in the morning, he collects the videos, and finds the eye witness.

Megan made a **sworn written statement.** Officer Earley took pictures of the message, but it is missing from the evidence. **(Sec 14)**

Earley shows up on scene and leaves immediately to go to the farmhouse, to search the barns. **(Sec 3)** What made you go there? Mike.

Brandon's car and Casey's ever searched/tested/photos?
Brandon sells his car immediately afterwards.
Why go all the way down to Airborne Rd. to do a U-turn when there's couple places to U-turn after the green sign? Could've stayed parked and just walked after her since she was so intoxicated. According to the coroner she was going to die from acute alcohol that night anyways even if she didn't drown. **(Coroner's and autopsy report)** Casey only averaged a little over 1 drink an hour for the night. Riley claims 5 drinks an hour.
Autopsy doesn't show Casey's prescription in her but alcohol is?
Autopsy has no eyeball description and/or photos. Pictures of eyeballs open show a tache noir, corneal opacity, or petechial hemorrhages, then you know she died out of water! Search and Rescue photos show a broken leg and possible wrist and bruises and scratches.**(page 39 below)** **4 photos** were given of the autopsy, Casey was blacked out. Suspicious?
Death certificates say pregnancy is unknown on both.
Joe Loos mentions Brandon being punched by Casey.
(Kelly written statement)
Joe Loos vehicle description? He would be on Wal-Mart cameras. Why does Joe Loos lie? Told the truth, just not the whole truth. Does Joe ever take Marian home? Plus they live together, which is never mentioned.
Kelly Grogan knew this.
Casey's neck has a purple line. Plus the ear has abrasions, both wrists have scratches and bruises. (autopsy photo) Casey was on a prescription that should've been on the toxicology report under Benzodiazepine, not detected.
Officer Skates finds the body at 5:30am eight days after she went missing.
Skates was the only one on site when the body was discovered.
Read the family and loved ones comments about Josh Riley's efforts or lack of! Said, him and daddy Old Mayor sat in a tent the whole time getting his awards speech ready. Believable after reading this file. Gross the publicity and awards Josh and others received over a suspicious death they helped cover-up.
Riley never mentions Brandon ***(Sec. 1)***
Officer Eastes never gives a field report until May. ***(Sec. 18)***
Why does Eastes lie on his investigation report Joe Loos?

Was Earley and/or Riley waiting at the green sign for a drop off? More likely at the farmhouse on Wilson Rd. is where Casey was taking first.

Riley is the one who inspects Brandon's **car**.(sec 1)

Josh Riley was part of a massive sex scandal cover-up, and was the mayor's son and well connected with the people in higher places. In one suit the city paid $200,000+ covering for Riley. 8 women had consensual or were sexually assaulted by Riley while an Officer. The city instead of firing him, put him on paid leave so he could get his benefits and pension. Got one message where the narcissist claims to be a modern day Kennedy. Josh Riley's family has a long history of mental illness. **Judge** Riley had a history with Mr. Pitzer. Uncle an Brother of Josh both committed suicide. Josh himself has had issues.

(sex scandal file)

Officer Earley is married to the Rileys. Earley's ex-wife died in her sleep, late 30's. Fishy? Brandon's history is the same as Riley's, and plus Riley worked his cases to free him. People have claimed Josh was sleeping with Brandon's mom.

Josh Riley's letter to Mark is a lie, for example Eric can't be looking for Casey with Mike at 1:15am, if Eric is in Sabina talking to Sabina P.D. Eric doesn't even get to the scene until 2:00am. **(Letter to Mark from Riley)**

Riley leads the suspects. No such thing as a coincidence!

Riley and Garrison tell the autopsy person that Casey had 16 shots and 8 beers, and was fighting everyone. No clue why she jumped out of the moving vehicle and ran towards a pond. Coercion!**(page 37 below)**

To elaborate on a cover-up to waste on a bunch of idiots. I'm not risking life in prison for idiots, unless I helped commit the act.

Officer Earley on March 17th asked suspect Mike what boots was she wearing? Just Boots, not what clothes she's wearing or how he knew her. ***(Mike written statement)*** fishy! Mike describes everything she was wearing. (mike written)

Officer Houghton claims the scene was too contaminated to use; K-9, search and rescue, never calls them!!! Only been missing for a couple hours. ***(Sec. 7)*** Responding officers did nothing to help. Mr. Pitzer goes to Lagores house to get K-9 personally and immediately on arrival K-9 finds

the boots. So contaminated!***(Pitzer himself and Lagore K-9 report)*** Only person searching was Eric at that time!

Officer Skates and Prickett sketchy! All officers never ask detailed questions until Tiffany's car and Earley's color of the boots question. ***(written Mike)***

Kelly Grogan is too random and she gives a written statement on 20th, for Joe Loos! She gives a written statement before Joe's on the 21st, how? O wait, she knows most of the suspects, and works as a dispatcher for the sheriff office. Joe tells Kelly he was driving Casey and Marien to the bars. WHAT?

P.D never gets statements or names from Tiffany's friend or family members, or Marien Tucaline, Jordan Sparks, or Hannah Hughes. Who were actually with Casey and suspects. Why go out of your way for Kelly's alibi for Loos? Why are so many Officers and Officials **LIARS** in this case? Why is **Kelly Grogan** so eager to defend Joe Loos? They have a child together. Why does Joe lie to Kelly about the time he picked up Marian? Joe claims Elizabeth was girlfriend, Kelly is saying ex girlfriend Elizabeth. I do believe Kelly wanted to tell all but knows she wouldn't have a job with those corrupt bosses.

Failed polygraphs.**(img 9104 and 9077)** Josh Riley tells family and many others they passed, can't be the suspects. Family received failed polys after the case was closed.

I suspect more could be involved!

This cover-up needs to be exposed!

Why does Casey leave Bw3's with Jordan and Hannah not Tami and Kendra.? Why follow Casey to the Bar? Nathan, Tami, and Kendra didn't want to even go to Uncle Louies.

The cops never ask questions, just receive statements! What evidence was collected was destroyed, lost, or just refused by P.D and City.
Nathan claims went straight home to bed.(written Nathan)
Tami tells the cops she called Louie's and no one saw Casey.(writtenTami)
Bouncers mention nothing of that, on the other hand, say didn't answer Tami's call on purpose, didn't have time for drunk drama.(Bouncers written)
Tami and Casey fighting on patio at 11:30pm(written Danny)
Tami claims Casey wasn't acting right all night, like wouldn't dance at all.(written Tami and incident report)
Danny says spotted Casey dancing on three different occasions. (written Danny and investigation report)
Tami, like all the others, rarely gives a specific time for any events. Calls Kendra and Mike for a ride. Tami says Kendra went to Walmart to drop off Mike. Admits to taking all of Casy's belongings, and leaving in Casey's car without her.(written Tami and investigation report)
Kendra and Tami know the situation and never call the police. Once again your best friends don't call 911?
Tami asked Eric if he picked up Casey, knowing the situation.(img9072)
Tami finally shows concern and calls Kendra to come get her. Calls Dan at 3:30am but he doesn't answer, unlike Tami who said he did. Why keep calling Casey's phone when you know you have it?(img9072) Tami asks Eric if he picked up Casey when he says no they proceed to tell him the B.S story of Casey getting out near Wilson Road not the bypass. (Tami written) You know Eric doesn't have her. Tami and Kendra claim to go to the scene but cops tell them to go home, but cops never mention those two together. Mike and Kendra come back in the morning and talk to the cops. Why is Tami lying?
Tami, Nathan, and Kendra went opposite direction of Casey.(9116)
Tami and Kendra go back three times to Casey's house, 1st time there, the cop was with them until realizing Casey wasn't inside, but then leaves them there unattended. Casey's not home, why are you staying Tami and Kendra? 2nd time no one is watching them go to Casey's. Is there something inside there looking for besides Casey?
Kendra states didn't want to use Casey's car so that's why Brandon came. But drives Casey's car all night long till morning.

The million dollar question is, if Mike and Casey are at Uncle Louies needing a ride home! The bar/bowling lane is one parking lot away from the Duke & Duchess gas station. Why leave Casey/Tami/Nathan who need the ride and go to Walmart?

Mike shows up at 2:00am by himself in his truck. (Eric written)

After picking up Joe Loos, all three only look for 10 mins.(written Loos)

Joe only sees one occupant at 1:15am(Loos written)

Joe was drinking with Casey at BW3's, but never mentions Casey by name, just her and the girl.(Loos written)

Joe and Brandon are "Good Buddies" quoted by Brandon

Joe Loos never mentions being with Brandon prior to looking for Casey, but Brandon says they cruised around for awhile.***(img 9036)*** If Joe is picked up at midnight for a cruise by Brandon, that's shortly before Casey goes missing.

Joe places himself at Bw3's, the bar, Walmart, and inside Brandon's car.

Joe and Marian try to get Casey to leave the bar.

(report of investigation Loos)

Tami and Nathan try repeatedly to get Casey to leave.

Hard to believe Joe doesn't know who jumped out of Brandon's car. Hard to believe Mike and Brandon don't know Casey's name either. Casey was around you all the time Mike!

Kelly says Joe stated Casey was hitting Brandon.(Kelly written)

Stories change back and forth from Brandon and Mike going to get his truck or going to get Casey.

Officer Gates quotes, "Mr. Reed turned south onto the bypass w/ the plan of going down to the light & turning around to take her home". (report of investigation)

Mike says searched for 20 minutes and Brandon says 1 hour.(written)

Brandon sees Joe Loos and Tiffany in his writing but Mike's no sign of either, plus the 2023 recording.

Mike describes what Casey is wearing, plus that black coat is missing from Casey when she is recovered. **(Mike written)** How does Mike know all that? He has only seen her for a few minutes, and describes what she is wearing under the coat. Casey is in the back seat and both suspects are up front. Brandon describes the black coat too, in his written statement.

Brandon said 1 hour.(written and report of investigation)
Call comes in at 12:40 to get Casey(written Brandon)
Timmy Roberts' fatal wreck happens at midnight.
Brandon can't be at Walmart at midnight, for Timmy's wreck yet. The plotting and planning begins!
Brandon claims to call Joe Loos for help.(img 9035)
Only time Brandon mentions is 12:40pm. When he gets called to pick up Casey not Mike's truck.
Brandon never says Casey, only the girl and her. Distancing.
Kendra contacts boyfriend to come help look.**(img 9123)** WHAT! Mike is with Kendra in Casey's car already.
Mike was driving Brandon's car.**(img 9117, 9038)**

Why were Casey's possessions not taken by the cops and Kendra was able to keep them until morning? How does Casey not know Mike?
Tami states Kendra had Hannah in the car.**(report of investigation 4)**
Kendra states Hannah just follows.
Kendra and Tami go inside Casey's house caught by S.P.D on the way out. (report investigation 4 and Sabina Police Report)
Tami, Nathan, and Chad said, arrived together with Casey. They arrived separately from the second bar.
Reason for no photos of boots is that they were planted. Purposely found floating.
How does a doctor smell alcohol on a body after being submerged for 8 days?
The boots were found floating in the pond on the by-pass side, north just off the bank in the water. Floating?
Casey can't be tested for alcohol in her system after 48 hours deceased, and have a valid reading. At most they can say, yes she had alcohol in her, but to give a number of .254 is not valid due to fermentation. Casey's in the pond on the 17th, found the 24th!
Potential broken leg.(pics)
Riley says Search in Rescue said the pond had too much vegetation but the water was crystal clear with no vegetation, because it was just built.

Some have said Ron Stryker EMS Port William came at the am hours the 21st, after everyone was kicked off premises, to transport Casey's body. (need proof on that one)
Why does no one ask, where is Casey's car? She's missing and the car too. Standard procedure for a missing person is to go to their house and locate a car if not home. Tami and Kendra lie to Sabina police, saying it's Tami's car. Brandon's car is glanced at by RIley. Brandon's car should have been seized, and Casey's at least attempted to be located. Terrible police work again, on purpose of course.

Emails to **crime stoppers point** fingers at **Marian Tucaliuc.**
(img 9126 and crime stoppers file) Is this another Riley diversion?
Marian was there at BW3's, Bowling/Bar, and with Joe Loss. The lies are endless from police and suspects!
Brandon sells his car asap. Marien Tucaliuc leaves the state immediately.

Joe claims to take Marian home but times don't match.
Marian lives with Joe. Joe knows more than he is telling, Joe gives no details of the 10 minute ride around with Brandon and Mike. Like, how were the suspects acting and what were they saying during that time?

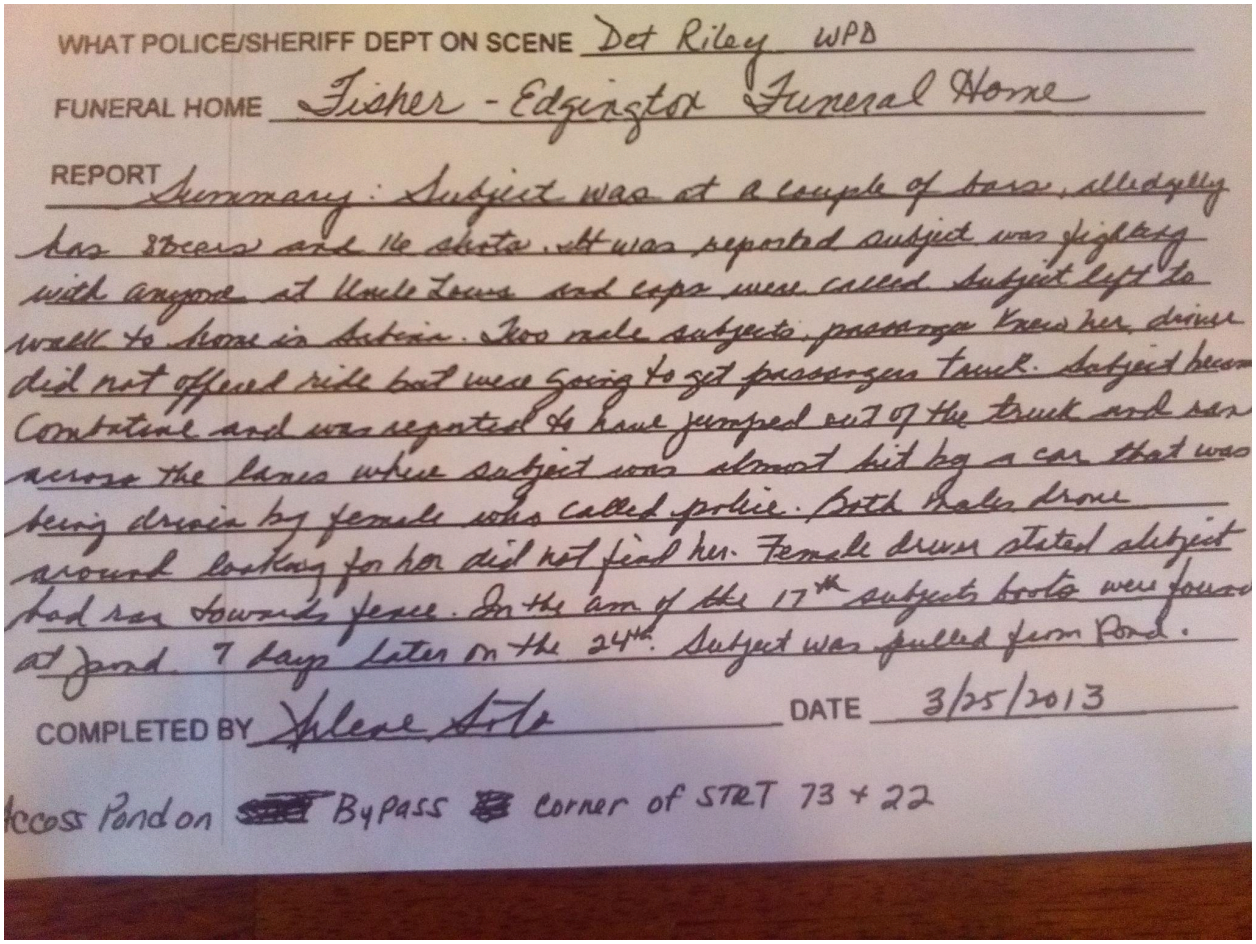

Mike says he never saw Joe Loos that night.(2023) The reason Brandon couldn't take Casey home was he didn't have enough gas to go 8 miles down the road to Sabina, but had enough to go 6.5 miles to Mike's on Beatty Rd..(recorded) Brandon gets the call after he pays to get gasoline, inside the store is where he paid. (Brandon) Plus the Wal-Mart video shows Brandon's car driving through constantly. Not enough gas huh?
How does Kendra know Mike's friend will pick up Casey? When they haven't called Brandon yet. Then he magically is waiting next door when they call. Bet those phone records tell a different story. That, and City/Police have destroyed or withheld those phone records for 10 years.
The boots recovery has 3 different stories. Riley, Martin, and Earley all claim to collect boots at different times.

Casey's black coat is never recovered! Casey's pants are torn. St. Patty's night is the perfect setup night, and Timmy Roberts' fatal wreck took all the attention from authorities.

WANT YOUR NAME OFF THE LIST, **Show proof you're not a liar in this case. No proof and your name remains!**

Tiffany tried and failed miserably! Now Mike too. Mayor Stanforth stays silent due to his corruption and relationship with Josh Riley, so he just fails. The Rudducks just lie, and the WPD/Sheriff's can't be trusted.

DNA swabs were taken on Casey plus fingernail clippings, we have the document showing it was done, but never given the results. Proof of more than one sonar image was taken with case file # from ODNR was given.(add paperwork)

WHAT POLICE/SHERIFF DEPT ON SCENE Det Riley WPD

FUNERAL HOME Fisher - Edgington Funeral Home

REPORT Summary: Subject was at a couple of bars, allegedly has 8beers and 16 shots. It was reported subject was fighting with anyone at Uncle Louies and cops were called. Subject left to walk to home in Dewitt. Two male subjects, passenger knew her, driver did not. Offered ride but were going to get passengers truck. Subject became combative and was reported to have jumped out of the truck and ran across the lanes where subject was almost hit by a car that was being driven by female who called police. Both males drove around looking for her did not find her. Female driver stated subject had ran towards fence. On the am of the 17th subjects boots were found at pond. 7 days later on the 24th. Subject was pulled from Pond.

COMPLETED BY Arlene Soto DATE 3/25/2013

This above is what Riley/Garrison/Soto wrote to the people performing the autopsy. 8 beers(some of them supposedly tall ones Tami's written) 16 shots of liquor and fighting everyone. Coerced from the start of the autopsy. Officer Gates attends the autopsy. If Casey is transported to MCCO from the scene, then why is Arlene Soto writing this on the 25th? She's the Clinton County Coroner's secretary, not on the scene on the 24th. Gary Garrison was the one on the scene. This letter looked new with fresh ink, not 10 years old. Maybe just preserved well. Cops were called that's a first, no mention of that anywhere else that cops were called for a disturbance at the bar. I thought Casey jumped out of Brandon's car, not Mike's truck. Does this Soto have a soul? Nope, quit her job after being exposed.

Gates is the officer who lied in this case. Below.

This link **above** is to the sonar image labeled by Search and Rescue not us. Riley calls off the search after this image on the 20th. Riley tells the family the vegetation is too thick, impeding the search efforts. Brand new pond image proves it. How can Casey's body move 200ft south and do a 180 from the sonar image in a brand new pond with no current when she's recovered? After Search and Rescue found this image, the family was told no foul play is suspected. Another lie told to the family as you can see by Jason Wallace this time.

This article shows where Casey **can't** be found next day the 21st, could this explain the mud caked into her clothes from the top of her head to her heels. Casey has no mud on her front side.

They used a ROV with Blueview Sonar March 22, 2013. Scanned the whole pond, and the body can't be found proving Casey has left the pond. Plus, where are these images? I recommend checking out the quality of this ROV with Blueview Sonar. It is amazing, it wouldn't miss a body in a new pond with no vegetation and no current or inflow. Recovery photos show Casey is frozen when found floating in surface temperature of 38 degrees. Nothing looks right about the way they pulled her out of the water.

We have the (tampered) Wal-Mart video watchable. Videos were blacked out and the codex was changed. We got the proper code (thanks to Walmart) to put in using a hex app to apply the proper code number, to make them watchable. Police Dept. switched the numbers. Also, erased the dates and times from the videos, which Walmart always has dates and times. A, Riley was caught tampering with the police computer system. Another coincidence. We know they had dates and times due to Officer Baker. Sent 20 copies off to seek help retrieving dates/times. Down below proof of times/dates were on the videos. Thanks to Officer Baker, we're able to watch the videos and know what time it is. Plus after watching the video, I know Baker isn't lying.

Casey's neck before and during the autopsy, the purple lines vanish, plus look at Casey's right collarbone, thumb, and make-up. 8 days in water? The family noticed make-up on Casey when she arrived at the funeral home, when they strictly requested to do the make-up themselves. Wasn't the autopsy supposed to remove make-up, maybe I'm wrong.

Plus, undocumented injuries showing MCCO is corrupt.

Kent Harshbarger and his crew at Montgomery County Coroners is under investigation in a Richland County death. He said "excited delirium" was the cause of death, which the medical association doesn't recognize as a reasonable cause for death. Also, said the five and a half minute beating and tasering had nothing to do with Rios's death. Same scumbags from Casey's autopsy and the Napier case and all other suspicious deaths of Clinton County. MCCO has used excited delirium 6 times in Ohio as a cause of death, all law enforcement related.

Judge Rudduck is the judge who sees AT&T and Verizon's 7 phone records in this case. The records are never mentioned or seen again after him and Gates. According to the sheriff's office, Judge Rudduck refused to issue a warrant/subpoena for 6 out of the 7 requested phone records, so therefore a terrible ruling again by a corrupt judge. How can Rudduck make this ruling? Oh, he's friends with the suspects and Riley's. His ruling in the Mothersole case was disturbingly horrific. The next level judge ruled the complete opposite and sent the child abuser to prison. Brett Rudduck was right when he said, "if everyone is corrupt, no one is corrupt". (recorded)

Special Agent Hornyak first explained to Myers that during the course of the BCI investigation, multiple witnesses stated to the investigator that Myers had in fact been sexually involved with Riley even though she had previously denied this to the investigator. The agent assured Myers she was not under investigation and only needed to verify the truth about her involvement with Riley to determine if any further crimes had been committed by him.

Myers then acknowledged that she did have consensual sex with Riley, but stated that it was only on one occasion. Myers said this occurred while she was still employed at WPD. The investigator asked if the incident took place off Exit #69 on I-71. Myers confirmed that was the location. Myers said there was no coercion involved, stated that this occurred before she was re-married, and the encounter was entirely consensual although Riley was married at the time.

The investigator then informed Myers that one witness alleged that Myers provided Riley with sexual favors in exchange for Riley enacting internal discipline on multiple officers including Detective Scott Baker and former officer Corey Pratt. Myers acknowledged that she had personal conflicts with both men and is aware that both received discipline around the same time she slept with Riley, but Myers denies having anything to do with that discipline or ever putting Riley up to it. Myers said she cannot recall why Baker was disciplined but believes Pratt was sanctioned for making a threatening comment toward her then-boyfriend who was an Ohio State Highway Patrol trooper. Myers said Pratt was caught saying he would like to punch that trooper in the mouth and she believes that comment is why he received discipline.

Plenty of more sick Riley stuff that I'm not willing to put on here. Eight women made accusations, most had sexting from Riley as evidence. Instead of firing Josh Riley for criminal sexual misconduct, the city put him on administrative paid leave for two years so he could qualify for his

benefits/voluntary retirement, which he doesn't deserve anything but punishment.

If this is a real photo then the lead detective Riley, and head of search and rescue Carr(Casey's old boss), should've never been on this case. Both personally knew Caesy Pitzer, that alone should have excused them from leading the case/search.

Everytime public records are requested or go to speak about Casey, this happens.

Clinton County Sheriff's are in a lawsuit for 10,000,000.oo due their corrupt ways. Same scumbags that cover up suspicious deaths. They threatened the life of one of their own sheriffs, if she went public.

We have possibly found the real witnesses. Their names will remain unknown until the time comes, sorry. So far I can't prove their lying like Tiffany was.

Casey Phone records showed more lies from Kendra. She calls Eric and tells him a story before Mike claims to call Kendra and tell her what happened. How does she know what happened already if Mike hasn't called yet? Tami tells Sabina PD at 3 in the morning a different story after knowing everything, lies to an officer, stating the incident happened near McCoy Rd. Only Casey's phone records were finally released after ten years.

If this is not enough to raise suspicion for a REAL investigation by qualified authorities, then WHAT IS?

<u>The 14th amendment section 1: Violated.</u>

"No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws." (14th)

This case involves a high level of conflict of interest for the city of Wilmington, and Clinton County. Due to the active/retired City Officials and Law Enforcement involved.

The investigation into this matter should not be conducted by Clinton County Officials or the surrounding Counties.

Due to the potential cover-up, If brought to a jury, then members of that jury shall not be Law Enforcement, Public Officials or Attorneys. Retired or active, due to being emotionally compromised by the conflict of interest.

Disclaimer: This is an opinion based narrative from the evidence received. Sorry if you don't like my point of view. The 1st and 14th amendment to be upheld for Casey's loved one's is all we're after. Feel free to form your own opinion with the evidence. 10 years is too long for any family NOT to see all the evidence in the suspicious death of a loved one. Getting all the evidence would be one step closer to closure for the family. Justice for Casey Pitzer!!!

Thank you, G. Pitzer, Casey's loved ones, and Petrey. Thank You, to all others that weren't questioned by police, but responded to my questions or reached out to me.
