Saturday March 16, 2013 Kendra Scott my daughter asked me to go to Buffalo Wild Wings with her and Casey Pitzer. Casey and Kendra picked Nathan Bradley and I at my home at about 4pm. We arrived at BWW at about 4:30p.m. Casey, Nathan Bradley and I ordered drinks and Kendra ordered food. Shortly after Casey stood by the table and was having a conversation with Jill Holdren, a friend from going to the bar, for a few minutes. Meanwhile Kendra called her friend Hannah Hughes to come to BWW so she could have someone to ride with her when taking us home. During the time at BWW she had seen her ex-boyfriend sitting at another table. His name is Eric Heeg. The ~~two~~ two never exchanged words at any point while he was there. He left BWW probably an hour before we did. She was a little down seeing him there because she was in the process of getting over him. During our time there Marion and another gentleman named Joe, not sure of last names,

Came to Sit with us for the ~~duration~~ rest of the time at BWW. While at BWW, Casey consumed about 4 shots (little beers) and two tall glasses of Bud light. ~~She~~ Casey decided she wanted to go to Louies Lounge, a common place we would normally go. Nathan was somewhat against the idea, however he went with us also anyways. He didn't want it to end up being one of those nights when Casey might become argumentive. I also forgot Casey had called or text another girl She worked with named Jordan to come to BWW's also. She came there a short time before we left. Hannah took Casey and Jordan to Louies and dropped them off and left. Kendra took Nathan Marion and I to Duke & Duchess first to get cigarettes and then dropped us off at the bar. At Louies Casey stood at the bar for awhile talking to Chad McCleese and Jill Holdren. ~~He~~ Casey, Jordan and I

had talked also about her watching the shots because she had so many already. Casey had some more shots and a few more beers then she began to run to the bathroom more often, feeling like she was going to throw up, while in the bathroom, Jordan and I had to hold her up and help her walk at times. Casey normally loves to go to Lowies to dance and would dance all night, however this time she wasn't doing that. Jordan and I couldn't get her to go dance. After following or finding her time and again I had mentioned to "Sug", the DJ that we have to keep going in the bathroom and picking her up, Sug went to the bar and cut her off. I don't believe she was aware this was done because there was never a reaction to it. I then said I was ready to go home because Casey needed to go home. Called Kendra to come get us. Kendra and Michael Hartley,

Kendra's boyfriend, were parked right outside the door to get us. Casey was still inside and I told her Kendra was here to pick us up. She became argumentive and didn't want to go home yet. I retrieved Casey's coat and purse from behind the DJ booth. Casey put her jacket on and at some point she had dropped her purse and Chad Terrell, one of the bouncers put everything back in her purse. At some point the purse was given to me and I placed it in the back seat of her car. While standing outside, Casey had come out and started walking toward Skyline. It was brought to my attention, at that point a man toward her and began to wrestle with her trying to convince her to just go to the car so we could go home. Others thought we were in a physical fight because I had gotten Casey on the ground and was sitting on top of her trying to get

Forgot that I had asked if Cowboy (Terry) could take her home since she wouldn't leave with me and she said yes at first, then when I said do you promise you will let him take you home she looked at him and said "I don't know him", I said "yes you do it's Cowboy" and she ~~Sa~~ looked at him and said "I don't know you." At that point I walked outside.

her to give in and go with us. Three bouncers came out, Chad Terrell, Richard Nelson and uncertain of the third, possibly Justin Thompson. They seen we weren't fighting and began to try and help me get her to come back to car and go home. She refused everyone. I finally gave in and walked back by car and was talking with Nathan and looked back and Casey started walking again I then again went to try and stop her, this was between Skyline and Louies. Kendra said mom come on, I'll take you home and Michael will look and get her on the way to the house. I went into Louies and retrieved Nate while Kendra took Michael to Walmart parking lot to have Brandon take him to get his truck so Michael could come back and get Kendra after taking everyone home. Kendra took Nathan and I to my home. Kendra called Michael on the way there to check

And see if he had found her. At that point they were in the process of looking for her. Michael told Kendra they seen her walking on 22/3 by the bypass and turned around to get her. Casey asked who he was, he said Michael, she replied Michael who and he said Kendra's boyfriend. She then got into the car. While driving on to 73 toward New Vienna she suddenly said "Fuck this" "Im not doing this" and proceeded to jump out of the car while moving. Brandon stopped and Casey jumped out of the car and ran behind it across the four lanes of traffic almost being struck by a car in the process. Michael and Brandon drove down a little ways to go around and come back up to the side she ran too. They then began to look for her and was not able to find her.

When Kendra and I got to my house Nathan went to bed. Kendra tried calling Casey's phone but no answer. When we shut the car off she was still trying to call her and we heard the phone vibrating in the back seat, it was in her purse. I retrieved her phone and walked inside and thought I would check to see if she had called or text anyone. That is when I see Eric had text her and said he was on his way. Kendra or I called Eric to see if he had picked her up he said no. I explained what happened and he said he would go look and called the police Meanwhile I called some people at the bar to see if maybe she returned there, no one seen her. I then took Nathan's phone and called Bub, Kelly Taylors husband to tell Kelly we couldn't find her. Kelly called her mom. Kendra had left after ~~we~~ called Eric, I then called Kendra back to get me

because I was worried and couldn't just sit at home not knowing where she was. Kendra and I went to where Michael and the others were looking for her at to see the progress, still nothing. So Kendra & I went to Casey's house to see if maybe she got home somehow. We got there and the Sabina PD asked if we would turn off all lights so he could see if she came back to her house. We put her dog away turned off lights, except bathroom and locked the doors and left to go back to where they seen her last. Again no one could find her and no one had heard from her. Casey's mom was trying to get off work to come help find her. Kendra and I were sitting by where Casey was last seen waiting when an officer pulled up beside us and told everyone to go home to see if Casey might show up at one of our homes. This was around 5 isn.

Kendra and I decided to go one more time to see if Casey went home. Again she wasn't there. So Kendra and I went home to Michael's and went to sleep for a couple hours. When I woke I called Casey's mom and met her at McDonalds so she could have Casey's car and keys and gave her Casey's phone and purse.
