SUBJECT: Missing Person / Casey Pitzer

NARRATIVE:
On 3-20-13, Major Brett Prickett advised that Wilmington P.D. Chief Detective Josh Riley had contacted him requesting assistance with the Casey Pitzer missing person investigation. Due to this request, I interviewed several witnesses in this case and obtained written statements.

At 1505, I interviewed Danny "Sug" Sheeley at the Clinton County S.O. Danny advised that he was working as a bouncer at Uncle Louie's Lounge on Saturday 3-16-13. He advised there was a good crowd there because St. Patrick's Day was being celebrated. Danny advised that he first became aware that Casey Pitzer was there when the bartender brought her debit card to him. Danny advised that it is common for people who are drinking at the bar to forget their debit/credit cards. Danny advised he handed the card to a bouncer named Justin Thompson to give back to Casey. Danny advised that when he found out Casey was there he was concerned. Danny advised there had been problems with Casey in the past because she often gets out of control when she is inebriated. Danny advised that Casey has been banned from Uncle Louie's in the past because of her behavior and he was concerned there would be more "drama". Danny advised that twenty or thirty minutes later, he heard that Casey and her friend Tami McKay had been outside arguing, but it was nothing major and pretty typical behavior between Tami and Casey. Danny advised a short time later he observed Casey going to the bathroom. Danny advised that a couple of the customers advised that Casey Pitzer had been vomiting in the bathroom. Danny advised that he told the bartender not to serve her any more alcohol. Danny advised that he watched Casey go to the bathroom a couple of other times and then return to the dance floor to dance. Danny advised that he observed Casey come out of the bathroom and stand in front of the D.J. booth. Tami Mckay and her boyfriend, Nate approached Casey and tried to get her to leave. Danny advised that a person he did not know named Jordan Sparks wanted Casey to stay and dance. Danny advised that Tami and Nate walked away and Casey went to the dance

floor with Jordan. Danny advised that Nate came back and tried to get Casey to leave and she refused. Danny advised he turned away for a moment to talk to someone and when he looked back, Casey and Jordan were gone and he assumed they left.

Danny advised that a short time later another bouncer, Chad Terrell approached him and said that Casey was banned from the bar. Danny asked why and Chad stated that Casey punched one of the other bouncers when they were trying to get her in the car. Danny advised that he did not see Casey, Nate, or Tami after that however he did not see them leave.

Danny advised that he was cleaning up the bar around 3:30 am when he received a phone call from Tami McKay. Danny advised he did not answer the phone and let it go to voicemail because he did not want to deal with the "drama". Danny advised that whenever Tami and Casey get together and drink, they always argue. Danny also advised this was probably the first time they had been at Uncle Louie's in about six months. I asked Danny if Casey is known to use any drugs. Danny advised that he heard she was taking anti-depression medication. Danny advised that in the "early days" alcohol did not affect Casey Pitzer this way, but lately when she drinks, she becomes out of control. I asked Danny if he heard anything about what happened after Casey left. Danny advised that he heard Casey had started walking and then was picked up by some people. After she was picked up, she tried to jump out of a moving car. Danny advised he heard that car stopped, she jumped out, and was missing. I asked if he thought it was plausible that Casey tried to jump out of a moving car. Danny advised that he thought it was plausible. I asked Danny if there was anything else and he advised there was not. I asked Danny to complete a written statement and he complied. (It should be noted that Danny Sheeley mentioned Jordan Sparks and wrote that name in his statement. He called later to advise he had the name wrong and it is actually Jordan Lee.)

At 1630, I interviewed Chad Terrell, another bouncer who worked at Uncle Louie's on 3-16-13. Chad advised that he was working the door to check ID's around 10:00 pm on 3-16-13. Chad advised that Casey, Tami, and Nate arrived and he observed that Casey was already intoxicated. Chad advised that Casey went to the restroom soon after arriving apparently to vomit. Chad advised that Sug Sheeley observed how intoxicated Casey Pitzer was and asked the bartender to stop serving her alcohol. Chad advised that Casey drank water at that point. Chad advised that when Tami and Nate were ready to leave

they pulled the car up by the door. Chad advised that Tami and Nate tried for over an hour to get Casey into the car. Chad advised that Casey was combative and uncooperative. Chad advised that Casey kept going to the restroom and then out to the smoking area. Chad advised that Casey was yelling and lying on the ground causing a scene. Chad advised they were finally able to get Casey outside and he lost contact with her because he was checking ID's at the door. Chad advised that he went outside when a customer reported to him there was a fight outside in the parking lot. Chad advised that he went outside and observed Tami and Casey wrestling on the ground. Chad advised that he noticed Casey's purse was on the ground and it had spilled. Chad advised he gathered the items and put them in the purse, helped Casey up, and handed the purse to Tami who took it to the car. Chad advised that Casey tried to punch him so he backed up and asked Casey if she was ok. Chad advised that Casey has been combative in the past but he had never seen her this bad. Chad advised that he told Casey to calm down and Casey responded by saying, "What the fuck do you want? Fuck you and fuck this, I'm walking!" Chad advised Casey started walking and he moved back inside the building. Chad advised that he observed a vehicle pulling around and going in the direction that Casey was walking, which was toward Skyline Chili. Chad advised that Tami was following Casey trying to get her in the car. Chad advised that was when he returned to Uncle Louie's.

I asked Chad about drug use and Chad advised that he did not believe that Casey used illegal drugs but she was taking some new anti-depressant medication. Chad advised that he also heard that Casey had been drinking alcohol since 2:00 pm that afternoon. Chad advised that Casey has been combative before, but usually when you physically put her in the car, she will comply. Chad advised that Casey would have no part of cooperating on this occasion.

I asked Chad if he heard anything about what happened afterward. Chad advised that he heard Brandon Reed picked Casey up and she attempted to jump out of the car. I asked Chad if that sounded plausible and he advised that it did. Chad advised that he knew Casey very well and she had opened the door before while he was driving. Chad advised her seatbelt was on but she opened the door. Chad advised she never jumped out. I asked Chad if he observed any injuries on Casey after she was wrestling with Tami. Chad advised that he did not see any injuries on Casey. Chad advised that she could have cuts or scrapes from wrestling around.

Chad also advised that Brandon called him crying a couple of times. Chad advised Brandon said he wished he never got involved and that he had nothing to do with Casey being missing. Chad also advised that Brandon stated he is taking a Polygraph in Cincinnati and his mother is paying for it. I asked Chad if there was anything else and he advised there was not. I asked him to complete a written statement and he complied.

On 3-22-13 at 1400, I interviewed Tami McKay. Tami advised that on 3-16-13, her daughter, Kendra Scott asked her to go to Buffalo Wild Wings (BWW) with her and Casey Pitzer in Casey's car. Tami advised that Kendra and Casey picked up Tami and her boyfriend, Nathan Bradley at Tami's home around 6:00 pm. Tami advised they arrived at BWW at 6:30 pm. Tami advised that Nathan, Casey, and Tami ordered drinks and Kendra ordered food. Tami advised that shortly after arriving, Casey was standing at a table talking to a person named Jill Holdren. Kendra called a friend of hers named Hannah Hughes to come to BWW so there would be someone to ride with her while being the designated driver. Tami advised that while they were at BWW, Casey observed her ex-boyfriend Eric Heeg was at the restaurant as well. Tami advised that Casey was still trying to get over him and was depressed at seeing him. Tami advised that Casey and Eric never spoke and he left about an hour before they did. Tami advised that while they were there, two men named Marion and Joe came to sit with them. Tami advised that Casey also texted a friend named Jordan and asked her to meet them at BWW, which she did. Tami advised she did not know their last names. Tami advised that while they were at BWW, Casey consumed four shots of something called, "Little Beers" and two tall glasses of Bud Light. Tami advised that Casey wanted to go to Uncle Louie's Lounge and Tami agreed to go as well. Tami advised that Nathan was reluctant to go because of his experience with the way Casey acts when she is drinking however he agreed to go. Tami advised that Hannah drove Casey and Jordan to Uncle Louie's and dropped them off then left. Tami advised that Kendra took Nathan, Marion, and Tami to Duke and Duchess to buy cigarettes and then dropped them off at the Uncle Louie's. Tami advised that once they arrived, Casey spent time at the bar talking to Jill Holdren and Chad McCleese. Tami advised that Jordan and she talked to Casey about slowing down on the shots she was drinking. Tami advised that Casey continued to drink more shots and more beer. Tami advised that Casey began running back and forth to the bathroom because she felt she was going to throw up. Tami advised that she and Jordan had to hold Casey up and had to help her walk. Tami advised that she mentioned this to Sug Sheeley and he went to

the bartender and had them stop serving alcohol to Casey. Tami advised that she told Casey she was ready to go home because Casey needed to go home. Tami advised she called Kendra to come and pick them up. Tami advised that Kendra and her boyfriend, Michael Hartley pulled up outside and Casey was still inside. Tami advised she told Casey that Kendra was there to pick them up however Casey did not want to leave and became argumentative. Tami advised that she asked Casey if a guy named Terry, who goes by the nickname of "Cowboy", could take Casey home since he was at Uncle Louie's. Tami advised she did not know his last name. Tami advised he is a regular that Casey knows well. Tami advised that Casey agreed to let him take her home, however when Tami asked if she promised, Casey stated, "I don't know him." Tami advised she told Casey that she does know him then she looked at him and said, "I don't know you". Tami advised she did not understand this behavior.

Tami advised that they stored their coats and purses behind the D.J. booth so she went to retrieve them. Tami advised that Casey put her coat on but at some point she dropped her purse. Chad Terrell had picked up the purse and given it to Tami and she put it in the backseat of Casey's car. Tami advised that Casey came out of the bar and started walking toward Skyline Chili. Tami advised that she had her back to the door and did not realize that Casey had exited the building. Tami advised she was told that Casey was walking so Tami ran to her and began to wrestle with her on the edge of the parking lot trying to convince her to go to the car so they could go home. Tami advised that she had gotten Casey on the ground and was sitting on top of her and other people thought it was a fight. Tami advised that three bouncers came out, Chad Terrell, Richard Nelson, and possibly Justin Thompson was the other. Tami advised the bouncers saw they weren't fighting and began trying to convince Casey to get in the car and go home. Tami advised that Casey refused everyone so Tami walked back to the car. Tami advised that Casey began walking again toward Skyline Chili, so Tami approached her and tried to stop her. Kendra advised Tami to come with her and that she would ask her boyfriend, Michael to look for her on the way to the house. Tami advised that she went into Uncle Louie's to get Nate while Kendra took Michael to Wal-Mart Parking lot to meet Brandon Reed who would take Michael to get his truck, so Michael could come back and get Kendra after taking everyone home because she was driving Casey's car. Tami advised at this point, Kendra took Nate and Tami home, which was in the opposite direction of where Casey was walking.

Tami advised that while they were driving, Kendra called Michael, who was riding in Brandon's vehicle with Brandon driving, to check and see if they located Casey. Tami advised that Michael told Kendra that they had seen her walking on SR 22 and 3 by the SR 73 bypass. Michael advised they turned around to go get her and when they made contact with her, Casey asked Michael whom he was. Michael told Casey who he was and that he was Kendra's boyfriend and Casey got into the car. Tami advised Michael stated they drove onto the SR 73 bypass toward New Vienna. Michael told Kendra that Casey stated, "Fuck this, I'm not doing this", and tried to jump out of the car while it was moving. Brandon stopped the car and Casey jumped out and ran across four lanes of traffic nearly being hit by a car in the process. Michael advised they drove down the road a little ways and turned around so they could be on the side she ran to. The looked for her and they could not find her.

Tami advised that when they arrived at her house, Nathan went to bed and Kendra tried calling Casey's cell phone. Tami advised there was no answer and they discovered that Casey's cell phone was in her purse in the backseat of the car they were in. Tami advised she took Casey's phone to check it to determine if she called or texted anyone. Tami advised she saw that Casey had texted Eric Heeg. In the text, Eric stated that he was, "on his way." Tami advised she called Eric to determine if he had picked her up. Eric advised he had not. Tami advised she explained everything to Eric. Eric advised he would call the police and would go look for her. Tami advised that she began calling people who were at the bar to find out if anyone had seen her and no one had. Tami advised she made contact with Casey's sister, Kelly Taylor and explained everything to her. Kelly advised she would call her mother. Tami advised that Kendra had left after the call was made to Eric Heeg, so she called Kendra to return and pick her up. Tami advised she was worried so she and Kendra went to the area where everyone was looking for Casey. No one had seen her, so Kendra and Tami drove to Casey's house in Sabina to determine if she had possibly made it home. Tami advised they were able to go in the house because they had Casey's car and house keys. Tami advised that Casey was not there. Tami advised they spoke to a Sabina Police Officer who suggested they turn off all the lights so he could tell if she came home. Tami advised they also took care of Casey's dog, locked the house, and left. Tami advised they went back to where everyone was looking for Casey, again no one had seen her. Tami advised that around 5 am a police officer told them to go home as Casey might show up at one of their houses. Tami advised that she and Kendra drove to Casey's house one more time to see if she was there and she

wasn't. Tami advised they went to Michael's house on Beatty Road and she slept for a couple of hours. Tami advised that when she woke up, she called Casey's mother and made arrangements to meet her at McDonalds so she could pick up Casey belongings. Tami advised that she met with Casey's mother and gave her Casey's car, keys, purse, and cell phone.

I asked Tami of Casey was taking any drugs. Tami advised Casey would not take illegal drugs and she did not know if she was taking any medication. I asked Tami if this behavior was typical when Casey was drinking and she advised Casey would get emotional when she had been drinking and if someone says anything to her she will get mad. I asked Tami if she observed any injuries in Casey after wrestling with her and she advised she did not. I asked Tami if there was anything else and she advised there was not. I asked Tami to complete a written statement and she complied.
