STATEMENT OF:

I picked Casey up under the bypass on 22 and 3 and told her that I was gonna take her home. She asked who it was and I told her and she knew who I was so she got in the car and then I told her that my friend was taking us to my house so I could get my truck to take her home and she said ok. When we got on the bypass heading to my house we got up to 50-55mph and then she open the door and told us she was getting out. she crossed the bypass heading to sabina, when she got across the bypass I lost sight of her so we went to the light and turned around and when we got back up to where she got out she was gone. So I searched from the bypass to wilson Rd for about 20 mins and still no sigh of her. She was wearing a green shirt with a black hoodie over top a dark pair of jeans and cowboy boots.
