I went to her house because she asked me if I would be her DD and I said yeah. I helped her get ready, we went and picked up my mom and boyfriend then we all went to Buffalo Wild wings. Thats where she was already drunk so we tried getting her to go home but she wanted to go to Louise to hang out and drink. My mom wasn't letting her drink anymore she said but when my mom walked to somewhere else I guess she got two more shots. I went back home until they called and they called at midnight because Casey was out of control and wanted to go home but once I got there, she kept saying to leave her there and started getting mad because I wouldn't leave since it was her car I had and I guess my mom and her got into an argument because she wouldn't get in the car. She was dropping all her stuff, purse, card, phone, etc. So my mom put it in the backseat. Well Casey walked out of the bar going toward Sabina and my mom ran after her. Casey started going crazy and the staff came out and when they went back in Casey ran off again and my boyfriend had his friend come get him because I didn't want to take her car so on their way to get his truck they passed her and said they picked her up then when ~~she~~ they got on the bypass she got out and

ran back toward Sabina. I took my mom home in Casey's car because they were out looking still and didn't get his truck until later. Me and my mom went to her house to see if she had shown up and there was no sign of her then the Sabina cops showed up and told us to lock the doors and turn off the lights. We then came back to the bypass to see what was going on, if they had found anything. Then we went back to her house around four or five in the morning one last time to see if she'd shown up. No sign of her so the cops told everyone to go home. She was wearing dark blue holy jeans, boots, a green shirt and had a little flower headband in.
