You must describe two or more incidents closely related in time that made you believe that Respondent will cause you physical harm or cause (or has caused) you mental distress. When did they happen (if you do not know exact dates, give approximate dates)?

2/24: Respondent removed from place of business by Dayton PD

3/4: Respondent sent email with my family photos attached asking how I would feel if my daughter was dead? He is using my family to extort documents

Respondent sends approximately 2-3 emails daily that are harassing. Legal counsel has provided ORC statutes for denials of his requests. I have also been the target of several tiktoks and YouTube videos.
