My family and I had left the bowling alley we went down 22 and three I took the exit ramp to 73 as I was coming off the exit ramp there was a car sitting along the side of the road on the right hand side I thought it was a State Trooper so I moved over to the fast lane I was looking at the car that was on the side of the road when my husband yelled whoa and I hit the break an looked ahead and as I looked up she was right there in front of my driver side and then disappeared I looked in my rearview mirror I did not see her anywhere that's all I seen. I never seen anyone else out of car or around it. My husband said she looked right at my car as she ran infront of me. He said in mid run she looked over as still running.

How many family members were with you and what were their names?
